

BORRA VINEYARDS

FUSION RED 2005

*AN EXCEPTIONAL RED WINE BLENDED
FROM LODI'S FINEST VARIETALS*

The Wine

Fusion is a carefully created modern blend that has its roots in the ancient past. Steve Borra's grandfather used the traditional method of planting to create a field-blend combination of grapes in a single vineyard that work together to blend his wine. After harvesting the vineyard, the blend was already made.

Today, Steve combines the traditional Italian concept of a field blend with modern-day skills to produce Fusion. Each grape varietal is grown and harvested separately when it is perfectly ripe. Each varietal gives a special element of flavor and character to the wine.

Tasting Notes

Deep rich color, with a purple edge. Powerful aroma of ripe fruits, including berries and plums, with delicate notes of vanilla. Big and rich on the palate, the wine combines softer tannins with a long and luscious finish. Ideal with roasted meats, wild game, or richer stews and pastas.

The Statistics

| | |
|--------------------|---|
| Blend: | 78% Syrah, 9% Petite Sirah, 7% Alicante Bouchet, 6% Zinfandel |
